1. Attached is a TWX addressed to AFIG/J which states OSA's concurrence in the proposed "U-2 Security Policy" prepared by AFIG/J (see their [REDACTED] amended - Tab A) after certain further changes are made as indicated in the body of the TWX. It is requested that the TWX be released if it meets with your approval.

2. By way of explanation the referenced 22 June 1972 document was prepared by Security Staff/OSA, at the request of AFIG/J for their assistance and it was the paper upon which they formulated their current proposal (Tab A). The significant differences between OSA's original paper of 22 June and AFIG/J's current proposal involves two instances wherein AFIG/J substituted the classification of ~~SECRET~~ for the classification TOP SECRET. In paragraphs 2B and 2C OSA proposed that information referred to therein be controlled IDEALIST/TOP SECRET

AFIG/J suggested that IDEALIST/SECRET was more appropriate. The AFIG/J memorandum was reviewed by the Chief, Special Security Center/CIA, who concurred in the position taken by AFIG/J. The Security Staff/OSA, accepts the position as correct.

3. A further minor change, procedural in nature, was made by AFIG/J at paragraph 3B of their current proposal (Tab A). This addition on their part refers to the use of an "overprinted AF Form 310" for routing of certain unclassified SENIOR YEAR papers. Ordinarily Form 310 is used to route and control classified documents. The suggested extension of the Form to control certain sensitive unclassified papers seems reasonable and within their jurisdiction.

4. It is recommended that the attached TWX be released.
